The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The smaller granite single-bowl **Aquasanita Helika Simplex 425** is designed for small kitchens, company kitchens, rented spaces, simply anywhere where it is necessary to save workspace.

At first glance, a smaller sink provides plenty of space for comfortable dishwashing. The back of the sink allows for installation of a kitchen faucet directly into the sink (the hole is already pre-drilled). The sink is designed for a cabinet of 45 cm.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.
