The brand **Granisil** represents a mark of high quality and luxurious design. Granisil sinks contain over 80% granite and quartz. Thanks to the presence of natural stone, it is a very durable material. Granisil is completely safe for contact with food.

Granisil Cortes 755.0 granite sink from the prestigious Granisil sink collection is a spacious and deep (19 cm) model designed for demanding users. Its beautiful simple minimalist details seamlessly fit into any interior or design.

The Cortes 755.0 kitchen sink features a **spacious basin**, where you can comfortably wash large pots and baking sheets. The drainer area is also very spacious, where you will appreciate the smooth surface without grooves. The drainer is slightly inclined, allowing water to easily flow into the sink. The rounded edges of the sink make cleaning and overall maintenance easier.

The packaging of the sink includes a **space-saving siphon**, supplied by an Italian manufacturer. The siphon saves space in the cabinet under the sink. It is possible to place, for example, a bin for sorted waste under the sink. The included siphon can be connected to a dishwasher or washing machine. Easy installation of the sink. The sink is designed for a cabinet of 45 cm.

Sinks by the brand Granisil are manufactured using innovative technology **NANO Granite**. The products are highly resistant to high temperatures, impacts, thermal shocks, scratches, and stains. Granisil sinks are made from the highest quality blend of granite aggregate (80%) and resin (20%).

Key features of the kitchen sink GRANISIL CORTES 755.0

- granite kitchen sink in black with a drip tray
- Cortes 755.0 has an extended 10-year warranty.
- sought-after model, designed for demanding customers

- sufficiently deep (19 cm) sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 45 cm
- made using innovative NANO Granite technology
- from the highest quality mixture of granite aggregate and resin

How to keep the sink always like new?... Regular care is sufficient. Cleaning is not difficult at all, a damp soft sponge for dishes and a little common dish soap will do. Wash the sink with circular motions, especially carefully around the faucet and drain. Then rinse with clean water and dry.
