II. Jakost dřez Granisil Taragona 965.10R

Dřez poškozen při výrobě viz. poslední fotografie v galerii. Dřez bez kompletního příslušenství.

The brand **Granisil** represents a mark of high quality and luxurious design. Granisil sinks contain over 80% granite and quartz. Thanks to the presence of natural stone, it is a very durable material. Granisil is completely safe for contact with food.

The highly popular corner sink from the Granisil brand is the sink **Taragona 965.10R**, which is designed especially for demanding users who want to make the most of the space in their kitchen. The sink is not only original but also very practical in its shape and appearance. The smooth surface of the sink fits beautifully into any kitchen decor.

The Taragona 965.10R kitchen sink is **unusually designed**, with sharp outer edges and rounded corners of the basins. Like most corner sinks, the Taragona 965.10R has a small basin on the right side and a draining area on the left. The main basin of the sink is spacious and deep enough, allowing you to comfortably wash large pots or baking trays. The smaller basin can be used for rinsing vegetables and fruits, thawing meat, and so on.

The Taragona sink is designed for **corner cabinet from 60 cm** / corner 75x75 cm. The kitchen sink is designed for top mounting. Warranty for highest durability thanks to a special blend of granite plusR -

resistant to scratching and staining. The Granisil brand is characterized by resistance to rapid temperature changes (-18 + 280 degrees).

The advantage of granite sinks is their **unconventional design**, practical qualities, easy maintenance, and color variability. Thus, the possibility to match them with the rest of the kitchen. The surface of the sink is homogeneous and smooth - therefore, the sink is easily kept clean.

Key features of the GRANISIL TARAGONA 965.10R kitchen sink

- corner granite sink with a second bowl and a practical drainer
- in black color granite, so-called spotted with multiple dots, see material photo.
- Taragona 965.10R comes with a 2-year warranty.
- unconventional, original design for maximal space utilization
- designed for kitchens of all types
- ideal depth of the bathtub
- granite corner sink designed for a cabinet of 60 cm
- the sink is resistant to scratching, high temperatures
- kitchen sink is designed for top mount installation
- easy maintenance, smooth surface of the sink, easy cleaning

Drilled holes A and C as shown in the photo. Hole B can be drilled - please specify in the order notes.

Note: *Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.*

Tips for the end: *Remove limescale using a vinegar solution in a ratio of one to three. Apply the solution to the surface of the sink, let it sit for a few minutes, and remove it with a sponge. A more fragrant way is to rub the limescale with a sliced lemon.*

Parameters

Basic parameters
