Kitchen sinks **Reginox** are made from the highest quality materials, ensuring that you have chosen first-class quality. The production of sinks has been taking place in the Netherlands since 1976. All models are tested and tried in operation to meet the most demanding customer requirements

II. Jakost

Keramický dřez Reginox Classic II. 1015.0 - vyvrtaný otvor pro baterii s odkapovou plochou vpravo. U otvoru drobná prasklinka vzniklá při vrtání

The ceramic sink **Classic II. 1015.0** will fit perfectly into any modern kitchen, as well as into kitchens in Provencal, French, rustic, or retro style. It will find its place in any kitchen

The ceramic sink Reginox Classic II. 1015.0 has undergone an innovation, which is why the number two is included in its name. The sink is one of the most popular models available on the market, thanks to its traditional lines and practical layout, making it a favorite choice. The radiant white ceramic surface looks great and is also very easy to clean and durable. The sink will add charm and elegance to the kitchen!

The Rebinox Classic II. 1015.0 kitchen sink with a drainer stands out for its excellent quality, flawless finish, and timeless design. The sink's robust construction ensures years of use across generations while maintaining its appearance and surface

This sink is an ideal choice for any kitchen. It is resistant to scratching, stains, and heat. The sink can handle even more demanding conditions. The sink has excellent utility properties. The sink bowl is deep enough (20 cm) so you can even rinse a larger pot or baking sheet in it.

The kitchen sink Classic II. 1015.0 is supplied with a drain plug, overflow, and fixing set/ clips.

Key features of the Reginox CLASSIC II. 1015.0 kitchen sink

- radiantly white ceramic sink in high gloss with a drainer
- 10-year warranty
- high-quality solid ceramic
- Double-sided orientation
- attack on the sink in the main basin of the sink
- internal dimensions of the sink: 460 mm x 396 mm x 200 mm
- overall dimensions: 1010 mm x 525 mm
- dimensions of the cutout: 980 mm x 499 mm
- minimum box size: 600 mm
- suitable for built-in installation

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
