

Spring Source Coffee machine filter CMF009

Vysoce kvalitní filtr, který stabilizuje uhličitán vápenatý a odstraňuje nečistoty.

EAN: 8596220012845

10,44 €

8,70 € bez DPH

The replacement filter **Spring Source CMF009** is compatible with the water filter **Saeco Aqua Clean CA6903**.

Spring Source CMF009 filter insert contains high-quality ion exchange resin and activated carbon, which stabilizes calcium carbonate and removes impurities that worsen the taste and aroma of coffee. The coffee will have an intense flavor and aroma. The filter extends the lifespan of the coffee maker and increases its efficiency. It keeps the coffee maker clean. It prevents the coffee maker from being contaminated due to calcium deposits.

The Spring Source CMF009 water filter takes care of improving water quality and thus **preventing the formation of limescale** inside the coffee machine.

The filter is made of food grade materials with certifications EC-1935/2016, ROHS, REACH, BPA-free, TUV, and Australian Water Mark.

We recommend changing the Spring Source CMF009 water filter in the coffee machine approximately every three months.

Key features of the Spring Source CMF009 water filter

- certified EC-1935/2016, ROHS, REACH, BPA-free, TUV, and Australian Water Mark
- high-quality lead-free filter cartridge
- effectively removes impurities
- improves the taste and aroma of coffee
- the filter increases the efficiency of the device, extends the lifespan of the coffee maker
- 2-year warranty
- contents of packaging 1 pc
- it is easy and quick to install
- for optimal results, it is necessary to replace every 3 months

- the quality of compatible filters is fully comparable to original filters

Compatible with coffee maker models:

- **Philips Saeco AquaClean:** CA6903/10, CA6903/00, CA6903/01, CA6903/22
