Vysoce kvalitní filtr, který zlepšuje chuť a kvalitu vody.

EAN: 8596220012944

**14,88 €**

12,40 € bez DPH

The replacement water filter for **Spring Source RWF3100A** refrigerators is compatible with **Bosch - Siemens Ultra Clarity 644845** brand refrigerators that have the filter inside the fridge.

The **Spring Source RWF3100A water filter** is designed for refrigerators that have a source of drinking water and an ice maker.

The filters are certified by NSF/ANSI 42 & 372 Lead-free from NSF and IAPMO, European Food Grade Regulations EC-1935/2016, ROHS, REACH, BPA free, TUV, and Australian watermark.

The Spring Source RWF3100A **water filter removes unwanted substances from the water**. Such as chlorine (up to 99%), THMs, VOCs, and other impurities. This significantly improves the taste of drinking water, while preserving beneficial minerals for the human body. The filter is made without BPA and is made of advanced coconut shell carbon. The outer layer is 0.5 microns, ensuring better filtration. The filters are tested by an independent laboratory.

We recommend changing the filter approximately every **six months**. If you do not replace the filter on time, it will lose its filtration abilities. This means that you and your family may be consuming harmful bacteria, impurities, chemicals, and unwanted particles. This carbon filter is thus the ideal solution for

clean and safe drinking water.

### **Key features of the Spring Source RWF3100A water filter**

- certified NSF/ANSI 42 & 372 Lead-free by NSF and IAPMO
- high-quality lead-free filter cartridge
- it effectively removes impurities, odors, heavy metals, bacteria, and chlorine
